Letter of Reference for Tallen Builders

I am happy to act as a reference for Teryl Talbot and Steve Allen of Tallen Builders. During the first half of 2007, they acted as the general contractor in a remodeling of our administrative office building located in Ocala.

As with most remodeling projects, a simple plan gets progressively more complicated as the work proceeds. Tallen did an excellent job managing the increasing scope of the project, and they were very timely in their work. I especially appreciated the sense of order and cleanliness they brought to the job.

I would use Teryl and Steve again on any project, large or small. They both have a great attitude and were a pleasure to work with.

Sincerely,

Bernard Little
Chairman
